

## Release Note for Smart VPN Client

**Firmware Version: 3.6.5.2**  
**Built Date: January 20, 2009**  
**Applied Operation System: Windows XP  
SP3/Vista/Windows 7**

---

Smart VPN Client is a VPN configuration utility that supports the VPN schemas, PPTP, L2TP, IPSec and DrayTek SSL Tunnel. It makes VPN configuration easily for users.

### New Features

- Add DrayTek logo to the front page of Smart VPN Client utility.
- Under Windows 7 OS, NetBios over TCP/IP for L2TP over IPSec will be disabled so that clients can access to the remote network.
- Smart VPN Client will be minimized automatically after the VPN tunnel is built up.

### Improvement

- Fixed: the client cannot access the remote network if the "Change default route to the remote gateway" is checked, and the VPN tunnel is built upon PPP connection (such as PPPoE, 3G, etc.).

### Known Issue

- None.

### Notes

#### *Modifications*

- None

## ***Bug Lists***

- None
