

Dyna**Hawk**TM W1 Series

Full HD Multiple Streams Micro Dome IP Camera

This model capable of serving real-time streaming and makes image quality more smoothly. In addition to MJPEG real time streaming, this camera develops H.264 codec to apply for high resolution digital broadcast. Also 3DNR (Digital Noise Reduction) and proprietary SPQ (Smart Picture Quality) provide significant storage savings without sacrificing image quality in low light.

W1 is a cost-effective surveillance solution for installations that require excellent picture quality at minimal bandwidth. Their simple yet solid, low-profile design is ideal for discreet installations where space is limited. Installation and setup is simple, quick and easy, with a factory-focused lens and a simple PoE connection.

Key Features

- Progressive Scan CMOS Sensor
- Quad Stream Compression H.264 Baseline / Main / High Profile + MJPEG
- Multi-language Support
- Tampering Alarm
- Wide Dynamic Range
- Motion Detection
- Privacy Masks
- 3D Noise Reduction / 2D Noise Reduction
- Vertical View Mode (Image rotation by 90 degrees)
- Network Failure Detection
- Weatherproof Dongle Cable*
- Weatherproof (IP66 International)*
- microSD Support
- ONVIF Support
- (*) Optional

Dyna**Hawk**TM W1 Series - Micro Dome IP Camera
