

## Dyna**Hawk**<sup>TM</sup> WH Series

Quad HD Multiple Streams Micro Box IP Camera

The Full HD Multiple Streams Micro Box IP Camera is not only an easy setup camera, but a versatile solution for homes and small offices. In addition, this type of micro box camera has built-in microphone and speaker which allows two-way audio communication. For low light environments, the IP camera has incorporated Day/Night ICR technologies to capture clear images. 4 Megapixel resolution is supported for providing high definition images. Quad Streams Compression (H.264 Baseline / Main / High Profile + MJPEG) are available for efficient bandwidth and storage management. Users now can remotely and clearly watch over their families and homes via mobile devices while they are at work or even traveling.

## Key Features

- Progressive Scan CMOS Sensor
- 4M Resolution
- Quad Streams Support
- Dual streams- 4M @ 15 fps + D1 @ 15 fps
- Quad Streams Compression- H.264 Baseline / Main / High Profile + MJPEG
- Multi-language Support
- Wide Dynamic Range
- Built-In Microphone and Speaker\*
- Motion Detection
- Privacy Masks
- Smart Picture Quality / 3D Noise Reduction
- Smart IR Mode
- Day/Night (ICR)
- IR LED Module (working distance up to 5 m)\*
- microSD Support
- ONVIF Support
